“I feel seniors are an integral part of our families and society as a whole. Working with them is very rewarding.”

About Nicole Stevens, MD

As a long-time resident of Miami, Dr. Nicole Stevens enjoys helping her community thrive by meeting their vital healthcare needs. "I value family very much," says Dr. Stevens. "I feel seniors are an integral part of our families and society as a whole. Working with them is very rewarding. I'm able to formulate a plan to help them deal with chronic health issues and watch them learn to take control of their health and well-being. I listen to them and am interested in their lives. I want to build relationships with them that last a long time."
