

“It’s important to help my senior patients keep well so they can continue to enjoy their family and friends.”

About Norman M. Palgon, MD

One of the most satisfying things about Dr. Norman Palgon’s job is helping his patients feel better. “I really care about them,” he says, “just like family. I had a very good relationship with my grandparents and was able to help them with their medical needs. It’s important to help my senior patients keep well so they can continue to enjoy their family and friends, too.”
