

**“I find it especially rewarding to work with seniors and improve their golden years. ”**

**About Yuliya Gatina, DO**

Knowing that she loved working with people, Dr. Yuliya Gatina became a physician so she could inspire others to take charge of their health. “I find it especially rewarding to work with seniors and improve their golden years,” Dr. Gatina says. “I take time to really listen and treat each patient as a whole person, rather than just focusing on their condition.”

Specializing in internal medicine, Dr. Gatina cares for patients with a wide variety of health concerns and also focuses on prevention. She is board certified in internal medicine and fluent in both English and Russian.
