

**“I think it’s important to take time to really listen, build a relationship, and collaborate with patients regarding their care as if they were family.”**

#### **About Tameka Joseph, MD**

Dr. Tameka Joseph knew she wanted to become a doctor when she was in first grade. It was simply in her nature. Specializing in internal medicine, Dr. Joseph enjoys empowering patients to take charge of their health. She especially enjoys helping seniors and ensuring they get the care they deserve. Dr. Joseph says, “I think it’s important to take time to really listen, build a relationship, and collaborate with patients regarding their care as if they were family.” You can also find Dr. Joseph mentoring minority students, helping educate medical students, and volunteering in underserved communities.
