

“What I enjoy most about my profession is gaining the trust of my patients and being able to help them.”

About Daniel Guerra, MD

Dr. Daniel Guerra earned his bachelor’s degree from the University of Miami and his doctorate from the Ponce School of Medicine in Ponce, Puerto Rico. He completed his internal medicine residency and sleep medicine fellowship at the University of Miami/ Jackson Memorial Hospital. Dr. Guerra specializes in sleep medicine and medical informatics.

“What I enjoy most about my profession is gaining the trust of my patients and being able to help them,” said Dr. Guerra. “I make a difference in their lives by helping them understand their disease processes and how to better manage them.”
