

**“I’ve always enjoyed helping others. It’s always satisfying to see a sick patient getting better.”**

**About Marcos Lima, MD**

Dr. Marcos Lima became inspired to pursue a healthcare career when he was a teenager growing up in Cuba. “I’ve always enjoyed helping others,” he says. Dr. Lima started off doing that as a radiologist and medical assistant before becoming a primary care physician. Applying his wide range of skills and medical knowledge, Dr. Lima loves providing well-rounded, compassionate care to seniors today. While he enjoys helping them stay well, he says, “It’s always satisfying to see a sick patient getting better.”

In his time off, Dr. Lima likes to read, listen to music, go to the gym, and travel. One of his favorite places to visit has been Japan.
