“I believe seniors deserve special attention. Being able to significantly improve my patients’ quality of life is the most satisfying experience.”

About Zaddy Lafourcade Prada, MD

Dr. Zaddy Lafourcade Prada is a board-certified family medicine physician who’s been passionate about helping people in need since she was a child. “I believe seniors deserve special attention,” she says “and I feel privileged support them.” To her, that means making time to truly listen, helping keep medical conditions under control, and providing strong social support. “Being able to significantly improve my patients’ quality of life is the most satisfying experience,” Dr. Lafourcade Prada adds.

When she is not with patients or keeping up with medical research, Dr. Lafourcade Prada enjoys spending time with her husband, family, and friends. She also likes to explore other places, and hopes to visit the Maldive Islands one day.
