About Kathleen Jeannot, MD

Dr. Kathleen Jeannot is a board-certified family medicine physician who’s passionate about being there for people in need of excellent care. It started when she was five years old growing up in Haiti, and continues today, many years into her career. Whether Dr. Jeannot is detecting or managing health conditions or discussing preventive measures, she says, “I love helping my patients have the best quality of life. I’m also proud to be part of an organization that’s focused on providing excellent care, support, and guidance to seniors.”

Away from work, Dr. Jeannot enjoys quality time with her husband and their two children. She also likes to play tennis, bike-ride, sing, and travel the world.
