#### **About Claudia Cabrera Hernandez, MD**

Dr. Claudia Cabrera Hernandez was inspired by her aunt to become a physician. “I love everything about being a doctor. I never visualized myself doing anything else. Medicine is my passion. Helping others and seeing a happy face after getting better is what makes me feel alive,” she says. Dr. Cabrera Hernandez loves building genuine connections with her patients by actively listening and allowing her patients to get to know her as a person rather than just their physician. “Seniors are a gem. I love to learn from their experiences,” she says. She wants patients to know she is always there for them.

In her free time, Dr. Cabrera Hernandez loves spending time with family and friends. She also enjoys dancing, traveling, and telling jokes.
