

“I want my patients' families to be confident and secure in my taking care of their loves ones.”

About Michael Herrera, MD

Dr. Michael Herrera loves caring for and connecting with his community, which is his favorite part of being a physician. “My patients are all treated like how I would treat my own family,” he says. He wants patients to know he will fight for them. “I will do everything that I possibly can to create a personalized treatment plan for every individual,” he says. He encourages patients to play an active role in their care and always takes the time to answer questions and explain treatments to patients and their families. “I want my patients’ families to be confident and secure in my taking care of their loves ones,” he says.

In his free time, Dr. Herrera enjoys cooking with his fresh grown herbs. He also likes playing video games.
