

“I chose podiatry because I can help patients with many different modalities.”

About Emerson Valdez, DPM

Dr. Emerson Valdez explains that he was in high school when he realized his desire to pursue a career as a physician. “I chose podiatry because I can help patients with many different modalities,” he elaborates. For Dr. Valdez, seeing his “patient’s appreciation” is the best part of his profession. He specializes in all forms of podiatry, including wound care and surgery. He is grateful for the opportunity to care for the senior population and has done so for nearly fifteen years.

When Dr. Valdez is not caring for his patients, he can be found enjoying quality time with his son and granddaughter. He also enjoys listening to audio books and playing sports with friends, especially soccer and golf.
