**“What’s incredibly rewarding is knowing that when we focus on preventive care and build strong relationships, we can help them have more good days at home and avoid unnecessary hospitalizations.”**

### About Himadri Shah, D.O., M.S.

Dr. Himadri Shah always knew she wanted to serve the senior population. She explains, “What’s incredibly rewarding is knowing that when we focus on preventive care and build strong relationships, we can help them have more good days at home and avoid unnecessary hospitalizations.” She prioritizes clear communication and strives to empower patients to maintain their health and independence. She always takes mental health into consideration when providing care. “True healing happens when we care for the whole person, not just the diagnosis,” she explains.

In her free time, Dr. Shah loves hiking, playing pickleball, trying new foods, and most importantly, spending quality time with family and friends.
