

**“Prevention is the key for those golden years to be really golden.”**

**About Rafael Benezra, MD**

Dr. Rafael Benezra, MD, is the Center Medical Director for IntuneHealth’s Pembroke Pines Central center. He believes that truly listening to patients is one of the most important roles of a physician. “If you listen to what the patient has to say, you will understand their concerns and their fears, [and] you will be able to identify any potential barriers [they need] to work on,” Dr. Benezra says.

In his off time, you can find Dr. Benezra golfing, trying new cuisines, and reading historical texts.

**Additional Medical Skills**

Dr. Benezra is proficient in dermatological procedures, such as minimally invasive surgeries; joint injections; non-controlled substance pain management; and wound care.
