“I can help them have more support and close observation in their healthcare.”

About Mayra Oliva Rivero, APRN

Mayra Oliva Rivero is passionate about making a meaningful difference in the lives of her senior patients. "I can help them have more support and close observation in their healthcare," she says. Mayra is deeply committed to being accessible and available to her patients, going above and beyond to ensure they feel supported between visits. She focuses on helping patients manage chronic conditions and equipping them with the tools they need to monitor their health from the comfort of home.

Fluent in both English and Spanish, Mayra can connect with and serve a diverse patient population, ensuring clear communication and compassionate care for all.

When not with patients, Mayra loves dancing and listening to music. As a proud mother of two, she cherishes every moment spent with her children, exploring new places and creating lasting memories together.
